Required Cybersecurity Training Coming Soon

In alignment with the University System of Georgia cybersecurity training requirements, all Kennesaw State University employees must complete mandatory cybersecurity training twice a year. You will receive a system-generated email on September 30, titled "You've been enrolled in the Fall 2022 Mandatory Cybersecurity Awareness Training," with a link to the training. Reminder emails will also include a link to the required training, which will be available until October 31. This training is delivered via USG-provided cybersecurity training platform "KnowBe4" and takes about 15 minutes to complete.

Beginning on September 30, you can access the training by following the link in OwlTrain: https://owltrain.kennesaw.edu

or via the training via the link on the UITS Office of Cybersecurity Page: https://uits.kennesaw.edu/ocs/education/october-training.php

Additionally, you can attend one of the four in-person sessions scheduled during the month of October on both the Kennesaw and Marietta campuses:
- **Monday, October 3th**   Marietta Campus   9:00am – 9:30am
  J.M. Wilson Student Center: Room A216

- **Tuesday, October 11th**   Kennesaw Campus   9:00am – 9:30am
  Prillaman Health Sciences: Room HS2202

- **Thursday, October 20th**   Marietta Campus   3:00pm – 3:30pm
  J.M. Wilson Student Center: Room A216

- **Friday, October 28th**   Kennesaw Campus   3:00pm – 3:30pm
  Prillaman Health Sciences: Room HS2202

Nolij Web Documents Become Read-Only on September 9

Kennesaw State University is transitioning from Nolij Web to OnBase for long-term document storage. OnBase offers users a better interface and improved functionality. Beginning on September 9, Nolij Web will function as a read-only platform. Users will receive department-specific next steps for their use of OnBase services.

KSU Service Desk is Standing By to Help

The KSU Service Desk has a team of professionals standing by to help with the technology questions, concerns, or problems that any member of the KSU community may have.

During the first week of school, the KSU Service Desk served the KSU community in some pretty phenomenal ways!
